Thermoplastic Sheets for Construction, Industry, Advertising and Agriculture

August 12, 2016

Dear Valued Customer:

As part of our continuous improvement initiatives, Palram Americas will be increasing the length on all PALSUN® CS Polycarbonate Coils as stated below. This will be a rolling change as stock items are replenished. To avoid any potential issues with material storage or handling, no coil will exceed the weight of the heaviest coil prior to this change.

<u>Thickness</u>	<u>Width (Inches)</u>	<u>Current Linear Feet</u>	<u>Current Weight</u>	<u>Adjusted Linear Feet</u>	<u>Adjusted Weight</u>
.118	41	500	1264	600	1571
.118	55	500	1696	600	2035
.118	67	500	2066	600	2479
.118	78	500	2405	600	2886
.118	104	500	3206	Not Adjusted	3206
.150	41	400	1285	500	1606
.150	55	400	1723	500	2154
.150	67	400	2099	500	2624
.150	78	400	2444	500	3055
.150	104	400	3259	Not Adjusted	3259
.177	41	350	1327	450	1707
.177	55	350	1781	450	2289
.177	67	350	2169	450	2789
.177	78	350	2525	450	3247
.177	104	350	3367	Not Adjusted	3367

We have also initiated a coil return policy, details on this offer can be found [here](#) or by visiting www.PalramAmericas.com/News.

Please feel free to contact your regional sales manager or myself with any questions or concerns. You can also visit our [blog](#) for the latest Palram updates and events.

Best Regards,

Tim Cronrath
Business Unit Manager
